Price for Success Online Course

Frequently Asked Questions (FAQ)

What is the course enrollment procedure?
When you enroll in Price for Success, you’ll be guided in creating an account consisting of a username and password. This allows you to login and logout of the course as you proceed through the materials. The login also allows you to be able to access your account and course from any computer with an Internet connection.

Can you connect to the Price for Success Online Course anytime?
Yes, the course is available online 24 hours a day. There is no limit to the number of times you can come and go from the course.

Is there a time limit for completing the course?
No, there is no time limit.

Can I take the course for a time and then come back to it later?
Yes, the course is self-paced so you can complete it in one sitting or spread it out over time in multiple sessions. If you leave the course during one of the quizzes or pre-quizzes, your system remembers where you left off. The next time you access the course, you’ll be brought back to same point at which you left.

How will I as administrator know when a person in my company has completed the course?
Unless you have a private university with BlueVolt, you will not have access to the administrative reporting features. If you do not have a university powered by BlueVolt, you can still check users’ progress by having users login to their accounts and showing you their online training transcript. Within their transcript you can see whether a user has completed the course. If you do have a university powered by BlueVolt, you will be able to run reports by course or by user. If you would like more information about setting up a private university, please contact Lisa Bordeaux at (888)239-6009 or lisa.bordeaux@bluevolt.com.

Is the course scored?
Yes, the course consists of 10 units spread across five lessons. At the beginning of each lesson there is a pre-quiz, and a quiz at the end of each lesson to test the knowledge gained as a result of the training. The pre-quizzes are used as knowledge assessments and are not scored. The quizzes are scored. If you get a question wrong, you can go back and take the quiz again in order to learn the correct answer.

I have a question not covered by the FAQs above.
