A/R DOESN'T HAVE TO BE COMPLICATED

EASY-TO-USE TECHNOLOGY IMPROVES DSO AND CUSTOMER ADOPTION

Smart e-Invoicing

Digital, electronic delivery of dynamic invoices allows your customers to pay instantly and enables real-time exception handling.

Credit Card Acceptance with Compliant Surcharge

Smart technology leverages existing Federal and State regulations to automatically apply surcharges when customers choose the convenience of paying with credit card, and offers them no-cost digital payment alternatives including eCheck and debit.

Enhanced ACH / eCheck Processing

Safe, secure and the most cost-effective payment option for your customers to pay you online, by phone, text or anywhere you get paid.

PayNOW Online

Accept payments 24/7 with a secure link on your website. Cost-efficient, online eCheck and credit/debit card payments eliminate paper checks and manual processing.

Curbside and Mobile Payments

Enterprise-level solutions for every-size business. Allow your drivers to accept cashless payments from any mobile device and your backoffice to track it electronically in real-time.

Integrated Cash Application

Full visibility of your entire A/R process within your ERP simplifies workflows and operational efficiency for reduced costs and accelerated cashflow.
